

FLEXIBLE

The ALS provides flexible learning options for working individuals, pregnant women, and older adults through modular, face-to-face, and online classes. Sessions are held in various barangays like Poblacion Sur, Paldit, and Amagbagan, or at learners' homes.

COMPREHENSIVE

The ALS curriculum covers Numeracy, Reading, Writing, and Life Skills using printed modules, online resources, and multimedia. Teachers provide one-on-one tutoring and home visits, especially for students with disabilities, ensuring learning anytime, anywhere.

ADAPTABLE

The ALS program in Sison starts with the public school year, offering tailored interventions. Modular options are available, with teachers delivering and retrieving materials from homes. Face-to-face assessments are held at school, or learners can pick up and drop off modules at Sison Central Integrated School or Learning Centers.

SUPPORTIVE

Teachers provide online assistance for worksheets and assignments, and learners can reach out via call, text, or Messenger. Face-to-face sessions are arranged when possible, with module delivery and retrieval typically occurring weekly for each barangay.
